- ❖ In case of any difference between the actual shading and abstract of the total count of **As, Bs, Cs, Ds, and Es**, 5 marks will be deducted from the total marks obtained.

### **Be careful in shading**

- ❖ While shading, shade completely any one of the bubbles of A, B, C, D, and E

- ❖ While shading the 'D' option sometimes one may end up in shading 'E' so be conscious in shading 'D'

## **Never make any remark in the Question paper**

- ❖ Don't write or mark anything on your question paper except the rough sheet.
