### **TAMIL NADU**

- The Tamil Nadu government - has given sanction to the Central Bureau of Investigation (CBI) to prosecute nine people in the gutka scam case under the Prevention of Corruption Act.

#### **DIARY HELPED ZERO IN ON SUSPECTS**

➤ Gutka scam surfaced in 2016 when I-T department conducted searches **on premises of a gutka manufacturer over tax evasion charges**

➤ I-T sleuths seized a **diary containing details of payouts allegedly to a then minister, two IPS officers** and others

➤ Then CM Edappadi K Palaniswami informed assembly in June 2017 that **DVAC was conducting**

#### **preliminary inquiry into scam**

➤ Madras high court **ordered a CBI probe in April 2018** on a petition from DMK; Supreme Court upheld the order

➤ In September 2018, **CBI searched 40 locations**, including residences of former health minister C Vijayabaskar, DGP T K Rajendran, former minister B V Ramana and former Chennai police commissioner S George

- ✓ Accordingly, two former state ministers from the AIADMK, two retired DGPs and eight other officers will be prosecuted for their involvement in the multi-crore gutkha scam
- ✓ The scam was first unearthed under the previous AIADMK government in 2017 during J Jayalalithaa's tenure as chief minister
- ✓ The state government granted permission to CBI's Anti-Corruption (III) Unit to prosecute two former AIADMK Ministers C Vijayabaskar and B V Ramana
- ✓ Ramana and Vijayabaskar held the portfolios of commercial taxes and registration, and health and family welfare respectively
- ✓ The state home department has also written to the Union government to accord sanction for prosecution of retired DGPs S George and T K Rajendran under the Prevention of Corruption Act

- ✓ Both officers were indicted for their alleged role in the scam during their tenure as Chennai city police commissioner.
  - ✓ While George retired in 2017, Rajendran retired later in 2019.
  - ✓ The Union ministry of home affairs is the competent authority to accord sanction for the prosecution of serving and retired IPS officers.
  - ✓ The seven others facing prosecution are V S Kurinjiselvan, former deputy commissioner (enforcement), commercial tax department, S Ganesan, former deputy commercial tax officer of Manali assessment circle, Lakshmi Narayanan, former designated officer of the food safety department, P Murugan, former food safety officer of Gummidipoondi block, R Mannar Mannan, then assistant commissioner of police of Puzhal range, V Sampath, then inspector of police of Red Hills police station, and A Palani, then councillor/ chairman of the health committee, Chennai Corporation
  - ✓ They are accused of taking bribes amounting to Rs 39.91 crore to help sell banned gutkha products in Chennai city area.
  - ✓ The illegal manufacture, import, supply, distribution and sale of gutkha and other forms of chewable tobacco is banned in Tamil Nadu and Puducherry since 2013.
  - ✓ The multicore gutkha scam surfaced on July 8, 2017, when I-T department conducted searches on premises of a gutkha manufacturer, Jayam Industries (now Annamalai Industries) over tax evasion charges to the tune of Rs. 250 crore
  - ✓ During the search, I-T sleuths seized a diary containing details of payouts allegedly made to a then minister, two IPS officers and others between 2015 and 2016
  - ✓ Later, CM Edappadi K Palaniswami informed assembly that DVAC was conducting preliminary inquiry into scam
  - ✓ The confidential reports connected to the case were found at Veda Nilayam, late Jayalalithaa's residence, during an I-T raid in November 2017
  - ✓ Later, the Madras high court ordered a CBI probe in April 2018 on a petition from DMK, which was upheld by the Supreme Court
  - ✓ The CBI had filed the first chargesheet in the case in November 2018
  - ✓ In July 2019, ED attached 174 immovable properties in Tamil Nadu, Puducherry and Andhra Pradesh with market value of Rs 243.80 crore and moveable properties in the form of shares and vehicles worth Rs 2.29 crore
- **An NCC naval wing - would be set up in Tamil Nadu's Rameswaram in a few months**
- ✓ This was announced by NCC director general Lt Gen Gurbirpal Singh on July 21
  - ✓ The state government had provided the necessary support to the directorate to create two training areas for the cadets in Chennai
  - ✓ Further, the state had procured equipment like four flight simulators, two firing simulators, five rowing simulators, two driving simulators, one digit lab, one rock climbing wall and rifles.

# STATES

- **Himachal Pradesh - has become the first state in the country to connect all registered commercial vehicles equipped with Vehicle Location Tracking Device (VLTD) with Emergency Response Support System (ERSS).**
  - ✓ The State has 9,423 vehicles, which can be tracked anywhere in the country through VLTD
  - ✓ Now these vehicles have been registered and linked with ERSS and monitored by both the police and the transport department
  - ✓ Chief Minister Jai Ram Thakur formally inaugurated the system at an event organized at Peterhof, in Shimla recently on July 19
  - ✓ Meanwhile, the government of Punjab has also decided to introduce the “Vehicle Location Tracking Device (VLTD)” system in all the passenger service vehicles (PSV).
  - ✓ This facility will be introduced from August 1, 2022 in order to monitor the vehicles effectively in the state
  
- **Kala-Azar or black fever - is spreading at a massive scale in West Bengal districts**
  - ✓ In the last couple of weeks, eleven districts of Bengal have reported around 65 cases of Kala Azar or Black fever, based on a state-administered surveillance
  - ✓ The West Bengal government has announced that it will provide free treatment to Kala-Azar patients
  - ✓ Earlier this year, Jharkhand had reported its first Kala Azar-related death in over 8 years.
  - ✓ The disease is endemic in Bihar, Jharkhand, Uttar Pradesh and West Bengal
  - ✓ In 2014, around 9,200 cases were reported while in 2021 the number fell to 1,276 cases.
  - ✓ The government aimed to eliminate the disease in India by 2015, but that deadline was missed.
  - ✓ However, the number of cases has been brought down significantly through the National Kala-Azar Elimination Programme.
  - ✓ Kala-Azar or Visceral Leishmaniasis is a protozoan parasitic disease, spread by sandfly bites
  - ✓ The flies are infected with the parasite called ‘leishmania donovani’.
  - ✓ The disease affects some of the poorest people and is linked to malnutrition, population displacement, poor housing, a weak immune system and a lack of financial resources.
  - ✓ Kala-Azar is a fatal disease, if left untreated in over 95% of cases
  - ✓ The common symptoms are persistent fever, weight loss, enlargement of the spleen and liver, and anaemia among others.

- ✓ In people with a light skin tone, greyish discolouration of the skin of hands, feet, abdomen and face may be seen and hence the disease is also called “Black fever”
- ✓ In 2020, more than 90% of new cases reported to WHO occurred in 10 countries - Brazil, China, Ethiopia, Eritrea, India, Kenya, Somalia, South Sudan, Sudan and Yemen.

- ✓ SCO is all set for expansion with Iran joining the grouping as its ninth member while Belarus has applied for membership

## INTERNATIONAL

- **Pakistan’s cabinet - has approved an ordinance to bypass all the procedures for selling assets to foreign countries in order to prevent the country from defaulting.**
- ✓ They also abolished regulatory checks including the applicability of six relevant laws in a desperate move to save the country from default through the emergency sale of state assets to foreign countries
  - ✓ The six relevant Acts are the Companies Act, 2017, Privatisation Commission Ordinance, 2000, Public Procurement Regulatory Authority

Ordinance, 2002, Public-Private Partnership Authority Act, 2017, Securities and Exchange Commission of Pakistan Act, 1997 and Securities Act, 2015

- ✓ The government has also barred the courts of the country not to entertain any petition against the sale of assets and shares of the government companies to foreign countries, as per the ordinance
  - ✓ The ordinance makes the federal cabinet so powerful that it can even issue binding instructions to provinces to hand over any piece of land and enter into a transaction with a foreign state.
  - ✓ Further, the Cabinet Committee on the Inter-Governmental Commercial Transactions will be formed that will have sweeping powers, including those overriding six Acts of parliament.
  - ✓ No suit, prosecution or any other legal proceedings or action in damages can be claimed against people who will be involved in selling these assets, as per the ordinance
  - ✓ However, President Arif Alvi has not signed the Inter-Governmental Commercial Transactions Ordinance 2022 yet.
  - ✓ Earlier, on July 21, the federal cabinet approved the ordinance to sell stakes of oil and gas companies and government-owned power plants to the UAE to raise \$2 billion to \$2.5 billion to avoid the default.
  - ✓ Pakistan Petroleum Limited, Oil Gas Development Company Limited and Mari Gas Company are some of the companies under the scrutiny of the government to be sold to foreign companies
  - ✓ In May, the UAE had refused to give cash deposits due to Islamabad's inability to return previous loans and instead asked to open its companies for investment
  - ✓ The International Monetary Fund (IMF) has placed a condition that Pakistan's case could not be taken to the board until it arranged \$4 billion from friendly countries to bridge the financing gap.
  - ✓ The cash-strapped country has been going through its worst financial crisis in recent times and needs cash liquidity on an almost urgent basis.
  - ✓ The Pakistan rupee has fallen 8.3% this week alone, which is the steepest fall since 1998.
  - ✓ According to estimates, Pakistan needs at least \$41 billion in the next 12 months to fund debt repayments and boost foreign exchange reserves
- **On July 23, the World Health Organisation (WHO) - declared monkeypox a public health emergency of international concern**
- ✓ For the second time in two years, the WHO has taken the extraordinary step of declaring the highest alert of a global emergency.
  - ✓ The monkeypox has spread in just a few weeks to dozens of countries and infected tens of thousands of people.
  - ✓ According to the US Centers for Disease Control and Prevention, nearly 16,000 cases of monkeypox have been reported in 75 countries since May.

- ✓ The threat level, however, is moderate for all regions across the world — barring Europe, where it is assessed to be high

- ✓ Until now, the declaration of “public health emergency of international concern” had been used seven times by the WHO since 2009
  - ✓ The earlier instances are - H1N1 pandemic (2009), increasing polio cases (2014), Ebola outbreak in Western Africa (2014), Zika virus epidemic (2015-16), Kivu Ebola epidemic in Democratic Republic of Congo (2018-20), and Covid-19 (2020)
- ✓ Last month, the expert committee said the monkeypox outbreak did not yet amount to an international emergency
- ✓ The members of the WHO’s expert committee that met on July 21 were split on the decision, with 9 members against and 6 in favour of the declaration, prompting Dr Tedros Adhanom Ghebreyesus to declare the decision
- ✓ It was apparently the first time that the director-general has sidestepped his advisers to declare an emergency without an expert recommendation
- ✓ The WHO declaration signals a public health risk requiring a coordinated international response.
- ✓ India has reported three cases of the viral illness from Kerala, with the Union Health Ministry issuing guidelines for its surveillance.
- ✓ On July 22, the United States identified its first two monkeypox cases in children
- ✓ A viral infection resembling smallpox and first detected in humans in 1970, monkeypox is less dangerous and contagious than smallpox, which was eradicated in 1980.
- ✓ Monkeypox is transmitted to humans through close contact with an infected person or animal, or with material contaminated with the virus
- ✓ It is usually a self-limited disease with symptoms lasting from two to four weeks,
- ✓ The first symptoms of monkeypox are fever, headaches, muscle pain and back pain during the course of five days.
- ✓ The first human case was reported in 1970 in Democratic Republic of the Congo and subsequently became endemic to several West and Central African countries.
- ✓ The European Union’s drug watchdog recommended for approval the use of Imvanex, a smallpox vaccine, to treat monkeypox

- ✓ Unlike the numerous companies that made Covid-19 vaccines, there is only one maker for the vaccine used against monkeypox, Denmark's Bavarian Nordic
- **On July 22, Nepal's House of Representatives - passed the Nepal Citizenship Act, 2006 (First Amendment), Bill, 2022 through a majority vote**
- ✓ The bill will help grant citizenship by descent to the thousands of children born to naturalised Nepalese citizens
- ✓ The bill will now move to the National Assembly before being sent to the president.
- ✓ Eligible Nepalis born before September 20, 2015, the day when the constitution was promulgated, were granted naturalised citizenship.
- ✓ However, their children hadn't got citizenship in the absence of a federal law as per the constitution
- ✓ The bill has been under discussion in the House of Representatives since 2020, but it failed to be endorsed due to differences among the political parties over various provisions.
- ✓ In 2018, the then KP Sharma Oli government registered the bill at the Parliament Secretariat.

## SPORTS
